

Subject: Pretty Lake Endowment Fund

Dear District Members:

We are thrilled to announce that the endowment fund we've been working on for more than a year is now open. The mission of the **Pretty Lake Preservation Fund** is to ensure the long-term health of the lake and watershed. Our goal is to grow the fund over time to create a reserve in the event we face an unknown expense in the future.

The fund has been established with the [Waukesha County Community Foundation](#) in the initial amount of \$34,500. As discussed and approved at our annual meeting, we collected \$9,500 from the community and added \$25,000 from a maturing CD to open the fund.

It is now much easier to donate using a credit card or bank transfer through a service called 'Link' here: <https://waukeshafoundation.org/prettylake>

Alternatively, checks can be made out directly to the district for deposit into the fund:

PLPRD
W377S5166 W Pretty Lake Rd
Dousman, WI. 53118
Attn: Treasurer
Please add "Pretty Lake Preservation Fund" on the memo line.

Bequests are also possible should you have an interest in including the fund in your estate plan.

We very much appreciate the significant community support to get this fund started. Thank you for your consideration in keeping our precious lake resources healthy for generations to come.
